NEW DOUBLE NASTURTIUM
(Awarded Gold Medal at
Atlantic City Flower Show)

The first of a new class of Nasturtiums — Different from any other. The flowers are large, double, fragrant, of a beautiful golden yellow, and borne on erect stiff stems above the foliage. They produce a blaze of color in the garden, being especially effective when used as a bedding plant. When fully developed the plant sends out short runners, also bearing numerous flowers. The long stems lend themselves admirably to cut flower use, and the sweet scented flowers impart a delight-

ful fragrance to the room in which they are used. Used also for Window Boxes. Heretofore double nasturtiums have been propagated only by cuttings. This is the first double nasturtium to reproduce freely and true from seed. Expert gardeners and amateurs alike will welcome this NEW introduction—so new that only a limited supply of seed is yet available. Avoid disappointment by ordering early. Planting directions and actual color illustration on every packet.

PRICE: 15c per packet. Postpaid

The New French Pussy Willows

(Salix Caprea)

See Illustration→

They grow as a hardy shrub or dwarf tree. Cut the branches anytime in December, January or February and put them in a vase of water. They bloom quickly.

Large, soft, beautiful pearl-gray blossoms, "catkins," often one or two inches long. Sometimes they have a pinkish tint that makes them especially effective and decorative in winter bouquets.

When they are in full bloom they may be removed from the water and will remain fresh and lovely for months.

WARRANTY

We warrant all stock true to name and in good condition when delivered to transportation companies. It is expressly understood and agreed with the purchaser that, should any stock not prove true to name, we will return money paid or will replace with other stock; but it is mutually agreed between the purchaser and ourselves that we shall not be held responsible for a greater amount than the original purchase price.

Prices: Our prices include packing and delivery to the transportation companies. Items marked "Postpaid" include postage charges and are for such quantities as can be sent by mail. Items marked "By Express" will be delivered, packing free, to the Express or Freight office here but will be shipped "express or freight charges collect." We have allowed sufficient reduction in price on quantity lots to more than offset express or freight charges in all cases.

Terms: Cash-with-order. Remit by Post Office or Express Money Order, Draft or Check. If cash or postage stamps are sent Use Registered Letter, as we cannot be held responsible for loss of cash in the mails. We have been doing a cash-with-order business for 19 years, and you run no risk in sending money with order. We refer you to First National Bank, Marcellus, N. Y., or to our thousands of satisfied customers in every state of the Union.

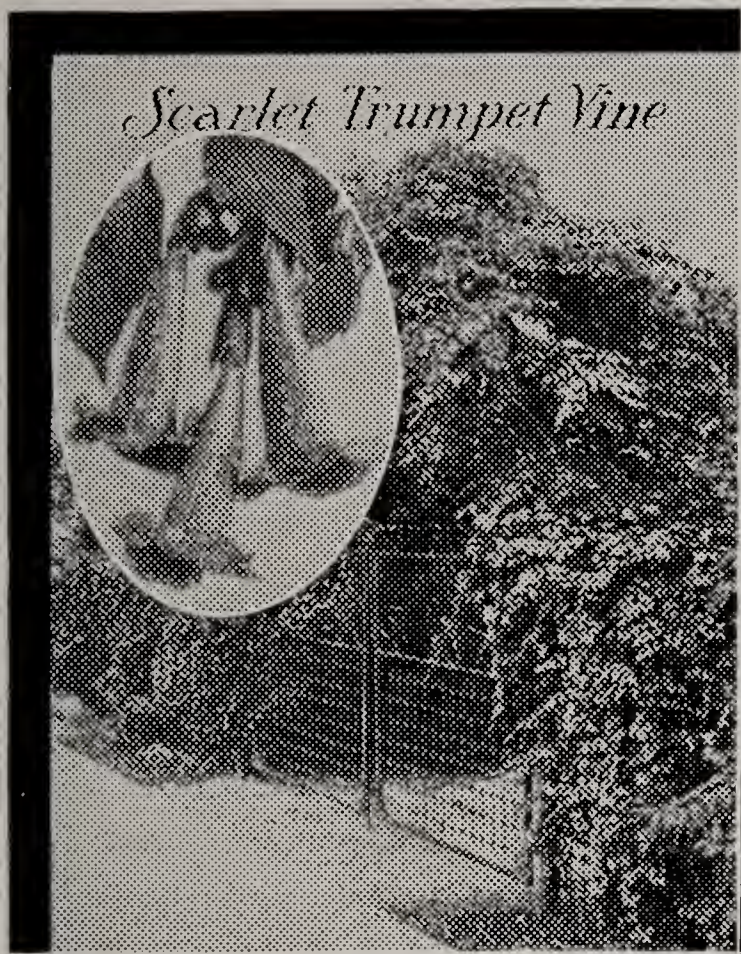

Prices are lowest in 10 years. You cannot buy thrifty A-1 stock for less. Compare our prices with others offering Quality.

This Amazing Scarlet Trumpet Creeping Vine

will grow rapidly, attaining a growth of 30 to 40 feet. Without support will twine and cling to walls, trellises, arbors, trees, rustic fences and stumps. Excellent for planting in crevices in ledges, and for covering unsightly places. Luxuriant, tropical-looking evergreen foliage; large clusters of gorgeous orange-scarlet trumpet-shaped flowers, 3 inches long, from midsummer on. Gives ample shade, is a hardy and robust grower and attracts humming birds. Strong, 2-year-old plants.

Gladioli Bulbs

(PRIZE COLLECTION)

Planting Directions: Set the bulbs 4 inches deep and 2 inches apart in the rows; rows 12 inches apart. Beds do well planted 4 to 6 inches apart each way.

This year we have added many new and very rare colors to our already famous PRIZE COLLECTION MIXTURE and all customers who plant this mixture will be amazed at the gorgeous display of shades, colors and tints and the wonderfully large spikes of large blooms which it will produce. This mixture is composed of a selection of named varieties but sent to you not labeled; many of the varieties are high-priced and to move our stock in this year of low prices we have put them all into a mixture which can be offered at a price to move them. They are all nice large bulbs, guaranteed to bloom this year—not bulblets or under-sized bulbs. You can't afford to overlook this collection at the price.

PRICE (Plump blooming-size bulbs):

12 for 40c; 25 for 70c; 50 for \$1.30; 100 for \$2.50 Postpaid

The ROYAL MISTYFIER — Better than Rain!

THE PERFECT LAWN SPRINKLER

Cannot Clog — Cannot Rust — Cannot Wear Out — Cannot Get Out of Order

HERE comes the kind of rain that delights the home-owner—soft—steady—the kind that soaks without washing. Misty, dripping moisture without violence. The fine, aerated moisture of the Mistyfier cannot damage the most delicate blooms—cannot wash out the finest seeds or roots.

Performs dependably under all pressures. The higher the pressure the greater the sprinkled area, so the range can be controlled at the hydrant.

Every Mistyfier is a lifetime sprinkler. No moving parts to wear—no bearings to stick—no arms to break—no pin-holes to clog.

Clean-cut in appearance—compact—cast of special aluminum alloy. Cannot get out of order.
